
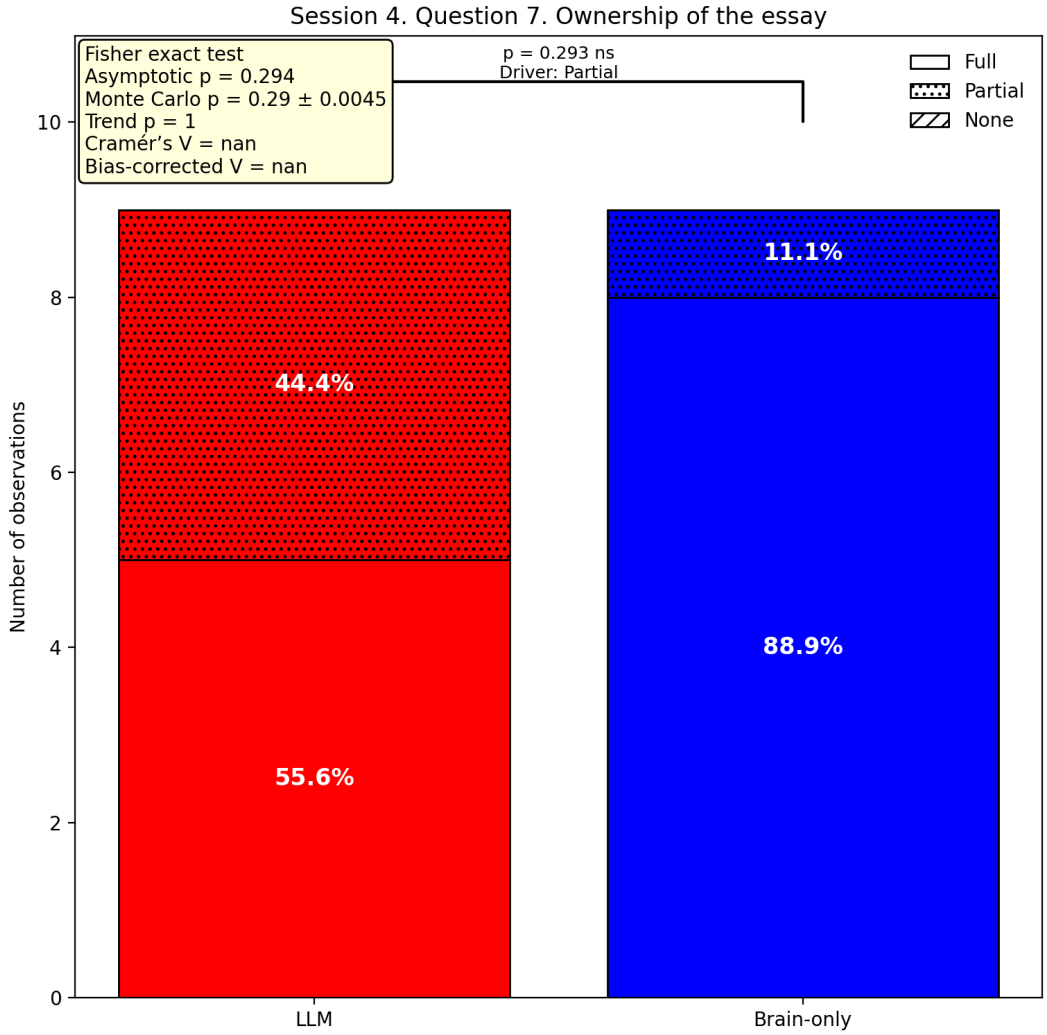

Figure 4.7. Ownership by Group in Session 4.

For the reassigned Brain-only group, there also were no responses of absence of ownership. Brain-only group claimed full ownership for all but one participant (1/9).

Question 8. Satisfaction with the essay

Satisfaction was reported to be very similar in this session compared to Sessions 1, 2 and 3. Groups 1 and 3 had nearly the same responses: Reassigned LLM group had one partial satisfaction, with the remaining 8/9 participants reporting being satisfied. Brain-only group similarly, was mostly satisfied (8/9), with 1 participant being partially satisfied (Figure 4.8).
