Student Council, Class Elections Darnell, Asbury, Polcari Elected Officers

Alison Darnell defeated Kim Snodgrass in the general election to succeed Jim Critchfield as Student Council President. Allen Browning was defeated in the primary.

According to Darnell, "I feel that this coming year is going to be a good one. I know there is a great potential for next year."

Added Darnell, "I will try to increase contact between faculty and students. This increased contact will hopefully bring forth better understanding and benefits for all."

Jody Asbury defeated Vicki White in the general election for Senior Class President. Valerie Austin was defeated in the primary. Asbury succeeds Bill

press time.

In the race for Junior Class President, Annette Polcari won. Polcari defeated Pat Kolarik in the general election. Krista Cruickshank lost the primary.

Says Polcari, "As president of next year's Junior Class, I plan to work with the Junior Class throughout the entire year to raise funds for the prom."

She added..."I would like to include dances, carwashes, the sale of food, and other activities..."

In the race for vice-president of the Student Council, Sandy Hill got by Jackie Meadows.

"I want to encourage school spirit," says Hill, "and I think assemblies help this greatly. I also want to encourage the student body to get involved in the activities of Student Council."

Tim Davidson defeated Sandi Payne as Vice President of the

Senior Class. Rob Cavender was defeated in the primary.

"I would like to see next year's Senior Class dominate and lead the Sophomore and Junior classes," Davidson commented. "...I would also like to see the seniors get more of the 'senior privileges' we always hear about but seldom see."

In other races, Sissy Fox was elected vice-president of the Junior Class. She beat Kim Baehl in the general election. Janice Barker was beaten in the primary.

• Monica Baker was elected Junior Class Secretary. She ran unopposed.

 Melissa Cruickshank was elected Senior Class Secretary. She defeated Pam Roy.

• Kelly Dotson was elected Student Council Secretary.

• Melissa Bright was elected Student Council Treasurer.

Change seems to be the word for this year's cheerleading tryouts that were held here in May. Many changes were made prior to and during the actual tryouts.

Miss Carol Thom is being replaced by Mrs. Barbara Brown as sponsor of next year's cheer-

leaders. The academic average for candidates to be eligible for tryouts was also changed from a "C" or above in every class to a "C" average of all classes.

Another big change is that next year there will be a JV Cheerleaders' program. The JV Cheerleaders will cheer for JV Football, JV

Basketball, and girls' basketball games. The requirements for JV Cheerleaders are the same as the Varsity Cheerleaders. JV Cheerleaders are chosen from upcoming sophomores from Spring Hill and South Charleston Junior Highs.

The Varsity Cheerleaders for 1979-80 are as follows: Becky Hanna, Cathy Rawlins, Lydia Stephenson, Debbie Isaac, Terri Tawney, Cindy Hanna, and Jamie

The JV Cheerleaders are: Bonnie Bowyer, Julie Kice, April Mayes, and Wendy Smith.

Seniors who are leaving the cheerleading squad are Tammy Taylor, Paula Taylor, LeeAnn Richards, and Diane McGee. There was a change that even affected these girls, and it was that they were not allowed to PPENING= attend tryouts as they usually have

Anglo-Saxon Hullabaloo Highlights Annual Mayfair

by Lonnie Kilgore

The king and queen of Mayfair came in royal regalia as their honorable subjects looked onward to the heavens. Music filled the air, bringing festive dancers and singing to the streets. The market place was bustling with business. selling everything from candy to battle axes.

The theme for this year's Mayfair, produced by Mrs. Humphrey's and Miss Beury's college prep English classes, was the Anglo-Saxon Period. A great many exciting and amusing events took place there in a very

"Beowolf", an ancient Old World drama, was majestically presented to the student body. Equally exquisite were songs from the musical "Camelot." Others watched in terrifying suspense as the Druids offered a sacrifice to their gods. All of these productions greatly contributed to the setting of Mayfair.

The "merchants" - those brave souls who dared both life and limb in frantic selling escapades, did quite a job of peddling their wares. As a matter of fact, total inventories were completely liquidated long before Mayfair was beginning to end.

New Cheerleaders: (I. to r.) Terri Tawney, Jamie Griffith, Cindy Hanna, Debbie Isaac, Becky Hanna, Kathy Rawlins, Lydia Stephenson.

"Summer Series" Planned

South Charleston Community Education and Co-op member agencies are sponsoring a special summer program called Summer Series. This will be a special six weeks of concerts, art exhibits, craft displays, puppet shows, clowns, contests, and just good old summer fun.

"Summer Series" will be held in the FMC Park on Tuesdays and Fridays from 6 until 9 p.m. It will begin June 26 and end August 3, 1979. Admission is free.

Community Ed's Advisory Council hopes that many people will come and bring a blanket and a picnic lunch.

Caterpillars Rampage

Tent Caterpillars are on the rampage across the area. A fungus which usually kills the insects has not been abundant this year. The caterpillars infested the tennis court area making play slippery and unpleasant. The insects will eventually become moths.

Track Paving Lot

HA The county Board of Education has taken action to approve an award of a contract to West Virginia Paving Company for paving of rubberized tracks across the county. South Charleston High School is one of the schools affected by the decision along with Dupont High, Charleston High, and St. Albans High. Prior to the official notification of the award, school principals must agree to meet the financial difference between the \$20,000 allocation and the total cost per school.

Because of the increasing number of discipline problems a new Discipline Committee for Kanawha County Schools has been formed. The committee is planning series of hearings around the county. One was held here in the IMC

An Editorial Students Speak Out.

A breath of fresh air is the only way to describe my experiences of the week of April 29th During that week, I represented our school in a Union Carbide sponsored session of Washington Workshops Congressional Seminar. Over 100 students from 30 states and Puerto Rico took part in the 6-day event held in Washington, D.C.

The students I met while in Washington were all a very vibrant and alive group of people. Unlike here, where apathy abounds, they told of schools where the vast majority of the students work hard in school affiliated clubs. Clubs ranging from very competitive and powerful Student Council to probing and intriguing ESP clubs engaged in very provocative field trips and recognized research.

The actions of these students say much to us here in West Virginia. For example, it is no longer in style not to care. Students everywhere are finding out just what their schools can be when everyone gets involved.

Another message that these students reflect is that it is not the creative and hard-working people in our school who are weird or out of place. Instead, it is the students who are uncaring and terminally bored.

For me, it was very enlightening to meet students from all over America. For example, before I went to Washington, I thought our school was as advanced or more advanced than any other school around the country. I thought every high school had stopped evolving towards utilizing more modern approaches towards making education more fun for students and teachers. Before, I was wrong.

Many of us are still wrong about this, and we will never get it straightened out if we do not stop blaming our principal and teachers for not making school more interesting and start finding ways ourselves to change the status quo. Finding numerous new horizons to add to the dimension of education in our schools cannot totally be left up to the faculties.

If we do not get busy, West Virginia's schools will forever remain no more than what they are now. That is not so bad unless it is taken in the context of other shoods around the nation. If we do not move to reach out and grasp some of the educational concepts that are now just beyond our grasp (i.e., newer clubs, more progressive classes, F.M. radio, a broader Student Council, etc.) we will continue to be only one step towards our destination, while the rest of the nation is daring to touch the stars.

Letters To The Editor

Sophomores Have Hope

Editor

Now that the present Senior Class is about to graduate, we would like to say we have great hopes for the Class of '80. Senior privileges are an important issue, and the class of 1980 deserves all the privileges they can get.

After all that complaining about the prom, the juniors did raise the money. The juniors should demand an apology. If this year's seniors think they have it all, wait until next year.

Even though we are only sophomores, we feel the seniors should always reign on top, especially next year's

Caterpillars Must Go!

Dear Editor.

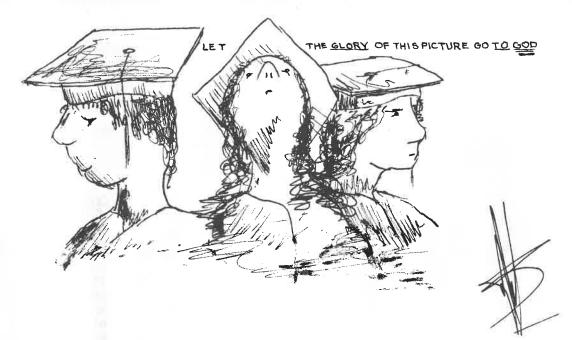

Something must be done about those creepy, crawly worms. They are all over the place! People are really rude with them. They put them on other person's hair and clothes. Not to mention their halls & classrooms. (one place they definitely do not belong!)

Certainly there is something that can be done! You can't even walk out a door without those things blocking your way. They're all over the walls. It's bad enough (Editor's note---Here Here!!!)

that they're outside (everywhere) but students are bringing them indoors to interrupt the semipeace in this school. They are definite nuisance on both the tennis courts and the track. personal belongs. They're in the Someone at either place is bound to watch out for them, meanwhile increasing the possibility of injury! Surely something can be done.!!!

Avid Movie Goers Spending Less; **H.B.O.** In Its Second Year Here

For about two years now, avid movie goers have had to spend less and less time in the theater, due to the now well-known cable station, Home Box Office.

HBO occupies the number five slot on the dial for those who get it. To get HBO requires cable which costs \$7.50 a month. HBO costs \$7.50 also, but it is not necessary to purchase HBO when purchasing cable.

The programming of HBO consists of many well-known movies, sport shows, comical acts, and documentaries. All the shows are run many times a month and some more than once a day.

At the beginning of each

month, HBO subscribers are sent a copy of the Home Box Office guide which consists of summaries of the movies andvarious other shows which are to be aired that month. The guide also gives the dates and times the shows are to be on.

Not everyone can get HBO, due to the location of their homes. Many people who live on the tops of hills or other remotely located areas cannot yet receive cable television.

Home Box Office has shown the following movies over the past months: Rocky, Goodbye Girl, A Bridge Too Far, Silent Movie, Oh, God, A Star Is Born, Dog Day Afternoon, Julia, Other Side of the Mountain, Part II, Dirty Harry, Coma, MacArthur, Mean Dog Blues, Jackson County Jail, The Sailor Who Fell From Grace With The Sea, and many more.

On Home Box Office's feature program UpClose, the following stars have been recently interviewed: Carol Burnette Chevy Chase, Goldie Hawn, Woody Allen, and Liza Minnelli.

HBO is available locally from Capital Cablevision. It has been estimated that 35% of the students here get the network which is beamed to our cable company by satellite. All of the shows on HBO are aired commercial free.

"Enlightened Rogues" Newest Album From The Allman Brothers Band

The Allman Brothers Band was one of the most significant rock bands of the late '60s and early '70s. They seemed to fade, however, during the mid-'70s to follow individal pursuits. Now they are back in the spotlight.

The A.B.B.'s newest album is called "Enlightened Rogues." The album marks the reunion of Greg Allman, Dickey Betts, "Jaimoe" Johaning Johanson, and Butch Trucks, Dan Toler and David Goldflies join the band on this L.P.

The exciting guitar work of Betts fused with Allman's keyboards creates a sound reminiscent of the old A.B.B. sound. This newest release is full of new A.B.B. sounds also. Allman's bluesy "It Just Ain't Bad" proves this.

The best cuts on "Enlightened Rogues" are: "It Just Ain't Easy", "Crazy Love", "Pegasus", and "Can't Take It With You."

New Program For Students Wanting Work

The Youth Assistance Register is being introduced by the South Charleston Chamber of Commerce in an effort to help students find part time employment. In order to register, a person must be 14 years old by January 1, 1979.

People applying for this program have a variety of jobs to choose from. Examples include yard work, general cleaning, window washing, and babysitting.

Wages will be negotiable between the student to be hired and the person doing the hiring.

The Chamber of Commerce hopes to up-date the register three times a year.

Class of '79 Reveals Prophecy

Edited by Ginger Kessel

Mike Bunch- I hope to be retired, married, and rich, with a little boy, teaching him how to be just like me.

Julia Grigsby- Doing illustrations for a popular magazine or illustrating children's books. Or just having a good time.

Roger Lee Tyler- If I am alive and the world is still turning, I will probably be teaching, married, and will probably come back to SCHS to see if Mrs. Humphreys is still trying to teach English.

Jan Perine- Married with 10 kids!

Gail Walther- I have no idea, come what may. Mark Wright- Married, two kids, and teaching band at SCHS.

Teresa Spradling- I will be rich and head administrator of CAMC.

Robin Madgwick- Lying around the house, thinking about how nice it will be when I retire as a veterinarian.

David Heston-Roger Tyler will be suffering from terminal short-hair.

Cathy Gaylor- I'll be married, have two kids, and still enjoying my sex life. Typical housewife.

Robin Fulks- I will either be dead or unhappily married with two screaming kids. Yuck! Jerry Harton-Racing high performance boats. Dennis Pauley- Doctor M.D.

Jim Schmidt- Walking around burned out. Ann Bollinger- Marry Johnny Sibold, get out of

this town, become wealthy.

David Byrd- Flying my space car over "Mom" Humphreys house looking for revenge.

Frank Sloan- I'll probably be the coolest, richest old dude around. I'll party all the time and keep everyone around me deep in pleasure! Mrs. Humphreys will be a Penthouse pinup for the month of Feb. 14, 2004.

Moma Matheney-Bathing in a public pond in Germany after an Oktoberfest party.

Sam Stephenson- Pete Ward and I will both be professional carp fisherman, touring the US in our Carp Tracker carp boat. We will often visit a Detroit hospital for the insane, and Steve Rinehart, professional hog wrestler, will be living with his common law wife, a blind German Shepherd.

Debbie Browning- I will be an activities director on the Love Boat.

Chuck Hannan- A retired Mr. Olympia. Now that's humor!!

Gina Parsons- be a snake fisherman in Africa. Pat Castleberry- In 25 years, I will be the director of Uganda- a strict military government, of course. Kenny Young- be a skin diver for Roto Rooter.

Starry, Starry Night Enjoyed; Roses, Music Highlight Prom.

by Lisa Atkinson

The 1979 prom was held on May 12 at the Daniel Boone Hotel Mirror room, with about 115 couples in attendance. It lasted from 8 p.m. until midnight.

The blue and silver room was filled with music from the Sensational Showmen and an abundance of pretty blue roses. The refreshment table with mints, potato chips and dip, cake and punch was served by Mrs. John Meadows, Jackie's mother. Amy Booten, and Jennifer Bonnet. The room was decorated by Missy Bright, Bruce Bowyer, Kelly Dotson, Jackie Meadows and Tom Buscher.

The favors were key chains, 12 oz. mugs, and Scrolls, which were made by Jackie Meadows, Vice-President of Junior class, and Missy Bright. They also planned all the decorations, made them, and put them together to beautify the room.

The students enjoying this evening were:

Danny Dudley and Mary Ward
Bill Shahan and Susie Rice
Greg Williams and Sandy Hill

Chorale Visits Opryland

On Wednesday, May 2, a sleepy group of talented musicians left for Lexington, Kentucky.

Once the Chorale arrived in Lexington they had two performances. The first was at Tate's Creek High School on school time. The second was later the same evening, at Franklin High School in Frankfort. This show was open to the public and very well received. Several members of the audience came back stage to tell the group how much they enjoyed

After the trip and the two shows, the Chorale members were exhausted and went to the Days Inn for rest and to prepare for the next days trip to Nashville, Tennessee.

When they arrived at Opryland in Nashville, they had their own sign on the marquee. While in Opryland, on Thursday, they performed in the Roy Acuff Theatre where they were judged in the Double A Class. Since the Chorale was the ony choreographed group the members didn't think much

about winning. But, while in Do Wah Ditty City the next day, they heard that, indeed, they had won seound place in their division They weren't allowed to see the other 35 schools in competion with them.

The rest of the schedule in Nashville included visiting a major recording studio, where Kansas recorded their phenomenal "Point of No Return"; shopping in a mall for four hours, and attending an Arts & Crafts fair, where they saw a replica of the Parthenon.

leadership, character and honesty, scholarship, cooperativeness, community participation and service.

SCHS students involved say they are looking forward to the experience. Kelly Dotson commented, "I'm really excited about going and meeting a lot of new people."

Campers will participate in a mock election, and the election officials will develop laws and ordinances as in real government.

Tish Field, Jessie Whitehurst and Kelly Dotson make plans for Girls' State.

Four South Charleston High girls will have the honor of attending the 37th session of the Rhododendron Girls' State this year. The camp will be held at Jackson's Mill from June 10-16. Juniors Kelly Dotson, Ann Breese, Jesse Whitehurst, and Tish Field will represent SCHS.

Sponsored by the American Legion, Girls' State stresses the responsibilities and rights of American citizenship. The American Legion feels that in order to understand democracy, the citizens must be informed and concerned. They must also realize the increasingly important role of women in public life.

Participants must be members in good standing of the Junior Class, United States citizens and residents of West Virginia.

Students Visit Spain Innocents Abroad?

While many students here went south in search of the sun during Easter break, seven others and Mrs. Barbara Brown went east, all the way to Spain and Morocco. The group left Charleston on Friday, April 13, and traveled via plane, train, subway, tour bus, boat, foot, and camel as they explored other cultures and other countries.

There were forty-seven people in the touring group, this included twelve students and two counselors from Dunbar High.

Like most tourists, our travelers were awed by the usual sights: immense, ornate cathedrals and palaces which were built while the United States was only a land of log cabins, and famous paintings, and tapestries recognized to be among the world's finest. The

travelers also made some other interesting discoveries along the way.

There is definitely more than one way to flush a toilet, for example. It can be done by pushing a button, by pulling a chain hanging from a tank suspended near the ceiling, by stepping on a pedal...

The travelers side trip to Tangier provided the sharpest contrast to life in America. There, veiled women doing the family laundry on rocks in a stream and adobe houses with doors and window trim painted blue to ward off the evil eye, could be found.

One sight the travelers felt was as memorable as it was grotesque was that of dead chickens, plucked, but with their heads still on, hanging by their feet in the heat of

an open-air Moroccan market place. The travelers saw this and more on their tour of the narrow, winding alleys of the Casbuh, where the street vendors were nasty and intimidating in their attempts to sell their over-priced goods.

One surprise the travelers encountered on their trip was the high price of eating out in New York City, where a glass of milk cost \$1.00 and a cup of tea cost \$.90. Fortunately, Portuguese Airways had to pick up the tab for these expenses since their late plane caused some of the touring group to miss their connection back to Charleston on Saturday, April 21st.

An unexpected treat for the travelers was seing the United States Capitol all lit up and

surrounded by beds of spring flowers on Sunday night, April 22nd. This helped make up for the absolutely filthy restaurant in the Amtrack station in Washington where the group had to eat that evening. In contrast to this, is the fact that the cleanest place that the group ate, they revealed, was the Damascus house in Morocco where they ate "cus-cus" and were entertained by belly dancers.

The most welcome, if not most beautiful, sight the weary travelers saw was the Charleston Amtrak station at 6:30 AM on Monday, April 23rd, more than a week after their departure, according to Mrs. Barbara Brown. As thrilled as they all were to get home, however, many of the travelers were already saving their money to go again next year.

Student Council Donates \$400

On May 16, 1979, the South Charleston High Student Council donated \$400 to the Athlete Fund for working at the concession stand at the home basketball games this year. The Student Council each year hopes to leave something to the school to honor that year's Council. Mr. McIlwain and Coach Dunlap were both very appreciative of this year's donation.

On May 17, the South Charleston City Council committed themselves to supplying the needed balance of 5,700 dollars to complete the financing for the new rubberized track.

Track Team Continues Improving Despite Early Season Problems

School boys' track team scored 54 points to place 4th in the Gazette Relays. Beckley placed 1st in the meet with 96½ points.

The Eagles of South Charleston showed what a fine team they have become after a slow start early in the season. The 440 yard relay won in a time of 44.6 seconds. The relay consists of Murphy, Griffith, Lee and Pannell. The 880 yard relay, Tim Murphy, David Clark, Carl Lee and Harold Pannell, won in a time of 1.33.0, over 3 seconds ahead of the second place finisher, Beckley.

Individually, Harold Pannel leaped 21'10'4" to win the long jump. Carl Lee also placed in that

Season Ends

South Charleston baseball fans were surprised when their team won its first seven games in a row. They were amazed when their team won the Western Division of the KVC. That the Eagles were barely expected to play .500 baseball is the reason for the commo-

After winning the AAA State Title the last two years, and losing a fine group of Seniors, it seemed logical that the Eagles would have a rebuilding year. WRONG!

Coach Jim Fout, instead, led the boys to a fine season.

In the KVC Playoff with DuPont, standout pitcher, Marty

Williams had a bad day and the result was a 15-1 rout by DuPont. The next Tuesday South Charleston came back to play Dunbar in Region 4, Section 2 play. Williams again was on the mound, and that's where he stayed. Williams pitched the first no-hitter of his career for the win.

Next South Charleston faced a psyched-up Charleston team, whose regular season record was only 5-15. The Lions came with pitcher Archie Dickson. He threw a lot of smoke and Charleston won 1-0 on his two hit shut-out to end the Eagles Season.
